

September 4, 2008

To: The Salvation Army Directors and Operations  
Managers / Staff of the  
Family and Women's Shelter.

It is heart felt that I write your organization  
this letter.

I want to express my sincere thank you  
for your services.

At this time I am experiencing some  
difficult extenuating circumstances that  
have subjected me to being temporarily  
homeless in a city previously unknown to  
me. Quite by chance I stumbled on  
to your facility here in Corpus Christi, Tx.  
I went in the front doors to inquire  
about the possibility of help.

The kindness and concern by which  
your lovely staff addressed me was

2

exceptional. The staff treated me with respect and began a process of assistance I could not have phantomed to ask for. All of which I am so very appreciative of. Further more the next day your Social Service Case Worker facilitated the intake process with professionalism and information that greatly helped.

In actuality I am a sensitive well educated woman, it is just that recent circumstances beyond my control placed me in a homeless position while here in Corpus Christi. I am taking night classes which I shall complete around Christmas time.

Most importantly I want you to know

that I will; God willing all goes well,  
 be eligible for a professional level,  
 professional pay occupation, in so  
 doing, I firmly intend to always  
 donate to the Salvation Army before  
 any other Charitable group.

Personal experience of salvation  
 speaks volumes, and I have seen/witnessed  
 how your mission to help people is  
 working.

Thank you, gratefully and  
 Sincerely,

P.S.  
 Please do courtesy  
 copy your staff. I  
 know I speak for  
 many other people.  
 but, kindly make me anonymous 😊
